

ASSET VERIFICATION SERVICES

DMA's Asset Verification Services (AVS) are designed to give you better control, organization and accounting of assets. We provide a customized approach to asset verification and reconciliation, as no two clients are the same. We work with companies worldwide on issues including: property taxes, fixed asset inventory control, fixed asset software conversions, Sarbanes-Oxley compliance, and due diligence.

Our AVS professionals possess significant and diverse experience in numerous industries worldwide. These industries include automotive, food and beverage, high-tech manufacturing, office administration, plastics and moldings, chemical, government, household, packaging, and steel. We provide the best services possible with minimal interruption to your staff and no interruption to production.

DMA's AVS team employs a flexible approach to each project, ensuring that your unique needs are addressed. In general, our process includes:
