

PROPERTY TAX DIVISION

DMA's Property Tax Division has been assisting our clients with the administration and management of property taxes since 1972. Our track record includes generating property tax savings in excess of \$1 billion across a broad range of industries.

DMA understands the complex world of the corporate property tax manager, whose challenges include:

- maintaining timely, accurate records of your organization's real and personal property holdings;
- ensuring real and personal property taxes are minimized;
- understanding tax issues and regulations for multiple jurisdictions;
- working with auditors and assessors; and
- managing the filing, payment and appeal deadlines in a multitude of jurisdictions.

That's why we focus on managing a client's entire portfolio of properties – providing solutions designed to ease property tax administration and effectively minimize future property tax expenses. Our tax professionals have reviewed thousands of properties and possess unparalleled expertise in understanding property tax issues. We have developed keen insight into the systematic problems companies face that often result in excessive tax liabilities.

DMA provides strategic property tax consulting services that are customized to our clients' needs and operations throughout the United States and Canada. Our property tax and technology professionals partner with clients to implement solutions designed to provide prospective benefit as well as recover overpaid taxes in prior years. Our goal is to equip tax leaders with the tax and technology tools necessary to achieve excellence.
